

WORKING IN PARTNERSHIP WITH PARENTS

It is very important for your child that we work in partnership. This will give your child continuity of care and they will not become confused with different standards of behaviour and boundaries.

As Parents you are the central adults in your child's life and the ones making decisions on their behalf. I will endeavour to work closely with you in order to carry out your wishes for your child wherever I can. It is therefore important that we have an excellent communication system.

I appreciate that as a working Parent you will be in a rush to go to work in the mornings and in the evenings, you may well be tired and need to go as quickly as possible, so I can use a daily diary for communications. However, some parents have said that they prefer a chat at the end of the day as they do not have time to read the daily diaries. I am also happy to communicate via What's App to let you know what your child has eaten, naps, activities, milestones achieved etc. It is very helpful if you could let me know if your child has had a disturbed sleep, is not feeling well or any other piece of information that may help me to provide them with the best care I can. A simple text will suffice.

I am always happy to discuss your child and their care with you at any time that is convenient to us both, whether in person or over the phone.

I would also appreciate it if you could inform me if there are any changes to contact numbers for yourselves, including work and mobile numbers and those of your emergency contacts.

As your child grows and develops issues will crop up that are very important for us to discuss in order that we can work together, and your wishes be incorporated into my care routine for your child. These could include weaning, pottling training, managing behaviour, starting (pre-)school etc.

If you have any concerns or issues regarding the care, I am providing for your child please do let me know. Often a concern is a simple misunderstanding that can easily be resolved, un-aided it can fester and become a major issue.

I am very much looking forward to working in partnership with you to care for your child.

I welcome parents' suggestions and where possible will implement them.
